The motion was unanimously approved.**

IV. Approval of the 2011-2012 Strategic Plan

The 2011-2012 Strategic Plan was presented and is attached to these minutes. The Chair asked for a motion to approve the 2011-2012 Strategic Plan as proposed. **Judge MacKenzie moved, supported by Ms. Kolodge, to approve the strategic plan as presented. There were no objections. The motion was unanimously approved.**

V. Subcommittee Updates

Confidentiality Issues Subcommittee: Mr. Sauter had nothing new to report at this time.

Cross-Assignment Subcommittee: Judge Haley was absent from today's meeting so no report was given.

Funding Alternative Subcommittee: Judge Hoffman indicated that there is support from the Governor's office in regards to looking for additional sources for drug court funding. He noted that discussions regarding increased funding in urban drug courts are ongoing and additional funding for DWI Sobriety courts is being sought as well.

Defense Attorney Subcommittee: Ms. Brickley shared that Judge Hoffman is going to speak at the MADCP conference and she has been trying to get on the Criminal Defense Attorney of Michigan's agenda through their education subcommittee. Judge MacKenzie added that there is an effort underway to provide scholarships for attorney attendance at the MADCP conference. Ms. Brickley will contact Karen MacKenzie, Executive Director of the MADCP, to see if a link to the conference site could be put on the State Appellate Defender web site. Ms. Brickley also noted that Derwood Haines has been added to the subcommittee.

Juvenile Issues Subcommittee: Ms. Davis reported that they will be holding a meeting in January to talk about the juvenile drug court forum to be held in 2012 and the Michigan Juvenile Justice 2020 Planning Initiative that will deal with revamping the juvenile court system. SCAO is involved in this initiative which started about two months ago with a four-day strategic planning session at Grand Valley State University who is partially funding

this initiative. They will concentrate on five focus areas including the purpose of the juvenile courts, the effective outcomes for youth and families, juvenile court operational performance, adequate and sustainable financing, and strong juvenile justice workforce. They will also look at equitable treatment making sure all the children who come through the juvenile justice system have the opportunity to receive any benefit regardless of where they come from. More information regarding this initiative can be found on the At-A-Glance document attached to these minutes.

Legislative Subcommittee: Judge Hoffman reported that he is hoping the diversion bill will be voted on by the Senate soon. He noted that the veteran court legislation is in the hopper and it may be a while before it is heard. In addition, he shared that the National Center for DWI Courts' Executive Committee has been working on the diversion/sobriety court language that allows people to get restricted licenses. The language that has been inserted into the new federal transportation bill says that you can restrict a license but it does not say anything about the restrictions and leaves it up to the states to determine which restrictions to impose. When that bill is passed at the federal level, the issue will be brought back to the state level. The issue of how common interlocks are being used was raised by Judge Garbrecht. Judge Hoffman responded that the use of interlocks seems to be slow, but it seems to be picking up.

Medical Marijuana: Mr. Sauter is not sure there is a need for this committee based upon the fact that it was created when there was a concern that the law would allow medical marijuana use by drug court participants. Mr. Sauter feels this is no longer an issue since the Court of Appeals came out with an opinion. The issue was discussed further and Mr. Sauter noted that that there may be a need for legislative action regarding what is a bona fide patient-doctor relationship and what is a chronic debilitating condition. Bruce Timmons added that the House might take up the issue in February.

Recidivism Subcommittee: Mr. Woods was absent from today's meeting so no report was given.

Vision and Evidence-Based Sentencing Subcommittee: The Chair noted that any action of this subcommittee is more of the committee of the whole when discussing the strategic plan.

VI. Ad Hoc Committee Update

Veteran Treatment Court: Judge MacKenzie indicated that there is a possibility that the MADCP is considering a training event on veteran courts.

VII. Funding Update

The Chair called on Judge Hoffman for a funding update. Judge Hoffman is concerned that the Byrne Grant funding maybe cut 20%. He noted that SCAO is very supportive and with the exception of the Byrne Grant funding, funding seems to be stable.

VIII. Public Comment

The Chair asked for public comment. Judge Hoffman commented that the continued growth of the abuse of prescription medication is becoming the issue now and there is a strong need to start a dialogue with the medical community. This prompted a discussion of other substances being used including synthetic marijuana and opiates and Mr. Witte cautioned that when discussing options for treatment that public opinion not get ahead of science.

IX. Next Meeting Date

The Chair announced that the next meeting is tentatively scheduled for **Tuesday, January 24, 2012, at 9:30 a.m.**

X. Adjournment

Ms. Davis moved , supported by Judge Garbrecht, that the meeting be adjourned. There was no further discussion and the motion was unanimously adopted. The meeting was adjourned at 10:50 a.m.

(Approved at the January 24, 2012 State Drug Treatment Court Advisory Committee meeting.)
