SUBJECT: Joint Committee on Administrative Rules (JCAR) Briefing Memo for Rule Set 2020-05 LR (Massage Therapy – General Rules)

Rules Primer

The Massage Therapy General Rules provide for the licensure, licensure by endorsement, and relicensure of massage therapists. The rules outline the requirements for accumulating continuing education credits for license renewal and identify approved continuing education providers and activities. As required by MCL 333.17963, the rules also contain a code of professional ethics.

Summary of the Final Proposed Rule

The proposed rules add a telehealth provision, as required by MCL 333.16287. The proposed rules also clarify the requirements for the supervised curriculum and supervised student clinic to assist an applicant and a massage therapy school in determining each student's curriculum and clinical requirements based on the student's date of enrollment. The provisions pertaining to the requirements for licensure by endorsement and ethics standards are revised. Finally, the provision regarding medical records is rescinded as the licensee's duties related to medical records are provided by statute, MCL 333.16213.
