<u>TRANS. NO.</u>	<u>AGENCY</u>	<u>SUBJECT</u>
24-12	Department of Education Superintendent of Public Instruction	Teacher Certification Code

**FISCAL IMPACT:** The proposed rule changes could increase expenditures for the department in the form of hiring additional staff, addition costs to the Michigan Online Educator Certification System, and other costs for administration of the program. These cost could be greater than the current level of appropriations for Educator Excellence and Operations line item, which is currently staffed with 52.0 FTE positions and appropriated with \$10,480,000 Gross and \$2,913,600 GF/GP.
