GI Part 23. Hydraulic Power Presses give direction to employers on protecting Michigan employees from safety hazards in the workplace on a variety of subjects.

These rules are being amended in order to be as effective as the federal Occupational Safety and Health Administration (OSHA) standard 1910.217(d)(3), "Mechanical power presses." R 408.12363(3) states "employee"; we are changing it to "employer" to be as effective as OSHA.

In addition, minor editorial and formatting changes are being made.

The director of the department has the specific promulgation authority for the rules.

A. Please list all applicable statutory references (MCLs, Executive Orders, etc.).

None that MIOSHA is aware of.

11. Are the rules listed on the department's annual regulatory plan as rules to be processed for the current year?

Yes.
