2. Rule Set Information

MOAHR assigned rule set number:

2019-106 LR

Title of proposed rule set:

State Plumbing Board Rules

3. Purpose for the proposed rules and background:

The Skilled Trades Regulation Act, 2016 PA 407, repealed the State Plumbing Act, 2002 PA 733, MCL 338.3511 to MCL 338.3569. The repealed Plumbing Act is outdated and does not provide uniform licensing, complaint investigation, and enforcement provisions for skilled trades licenses. This places a burden on the bureau administering the Plumbing Act and creates an inefficient use of resources. Additionally, many licensees who are cross-licensed in multiple trades have expressed dissatisfaction with conflicting provisions in separate licensing statutes. The Skilled Trades Regulation Act, 2016 PA 407, streamlines the processes for all license types included while providing for modernized provisions, such as electronic communication and third-party continuing education tracking options, and specifies violations for unlicensed activity as provided to other regulated professions. Because the State Plumbing Act was repealed, the bureau plans to rescind the licensing rules promulgated under that Act and create a new rule set to house all licensing rules regulated under the Skilled Trades Regulation Act, including the plumbing board licenses rules.
